Cookies

Like many websites, YOUR CRYPTO ACADEMY website uses "cookie" technology. A "cookie" is a small data file transferred to your computer's hard drive that allows a website to respond to you as an individual, gathering and remembering information about your preferences.

This website uses a minimal amount of cookies necessary to maintain your shopping cart details and possibly your user session to facilitate extended login periods.

Data Security

It is our intent to protect against the loss, misuse or alteration of information that we have collected from you. However, no data transmission over the Internet can be guaranteed to be 100% secure and while we strive to protect your personal information, we cannot guarantee or warrant complete security. We use a variety of current technologies and processes for protection of data. We limit the information we provide to outside companies with whom we contract to only what they need to carry out their responsibilities. When you make a purchase on our Website, your transactional information is transmitted in a safe, encrypted format.

Every user that has an account on the Website is responsible for (i) keeping his or her account password confidential and secured, (ii) avoiding unauthorized access to his or her computer; and (iii) keeping the email address associated with that account current (you acknowledge that it is important to keep the email address associated with that account current because although you may be able to log into your YOUR CRYPTO ACADEMY account using an old email address, you will not receive messages from YOUR CRYPTO ACADEMY about your orders and inquiries or other matters).

You shall be responsible for protecting the confidentiality of your password(s). You acknowledge that, although the Internet is often a secure environment, sometimes there are interruptions in service or events that are beyond our control, and YOUR CRYPTO ACADEMY shall not be responsible for any data lost while transmitting or receiving information on the Internet.
